ABOUT

WHAT IS THIS PROJECT

The Jensen Drive Project is a 3.67-mile improvement initiative to enhance safety, accessibility, and mobility for all transportation modes, including vehicles, pedestrians, cyclists, and transit users.

WHY IS IT HAPPENING?

The project addresses current traffic safety concerns, improves pavement quality, enhances drainage, and provides dedicated spaces for all road users to create a safer and more efficient corridor.

WHAT IS NEXT?

Next steps include completing the design process and gathering public feedback to bring improvements to Jensen Drive.

WHAT IS THIS EVENT?

COMMUNITY WORKSHOP

This is an opportunity for the design team to hear directly from the public on what you would like to have incorporated into this new project.

VISIT ALL OF THE STATIONS

Each station has a unique topic with multiple opportunities for input and engagement.

PROVIDE YOUR IDEAS & FEEDBACK

Your input is critical to the success of the project. We are excited to talk with everyone and hear what would make this an amazing project for you!

REIMAGINE CORRIDOR STUDIES

Part of Revive2Thrive

Reimagine Corridor Studies aim to revitalize Harris County Precinct 2's streets for safety and vibrancy. Through community engagement and partnerships, we prioritize safety, integrate community input, and align with Vision Zero's goal of zero traffic-related fatalities and injuries by 2030.

About Revive2Thrive

Revive2Thrive is Commissioner Garcia's community initiative focused on making Harris County Precinct 2 the best place to live, work, and play. The goal is to invest in improving infrastructure, creating economic opportunities, and enhancing residents' overall quality of life.

Our Approach

These projects follow a three-step process.

Listen

1

Engage and listen to the community. We do this by having in-person meetings with key stakeholders, community meetings, and online surveys.

Report

2

Our team gathers feedback, reports options and presents tradeoffs back to the community.

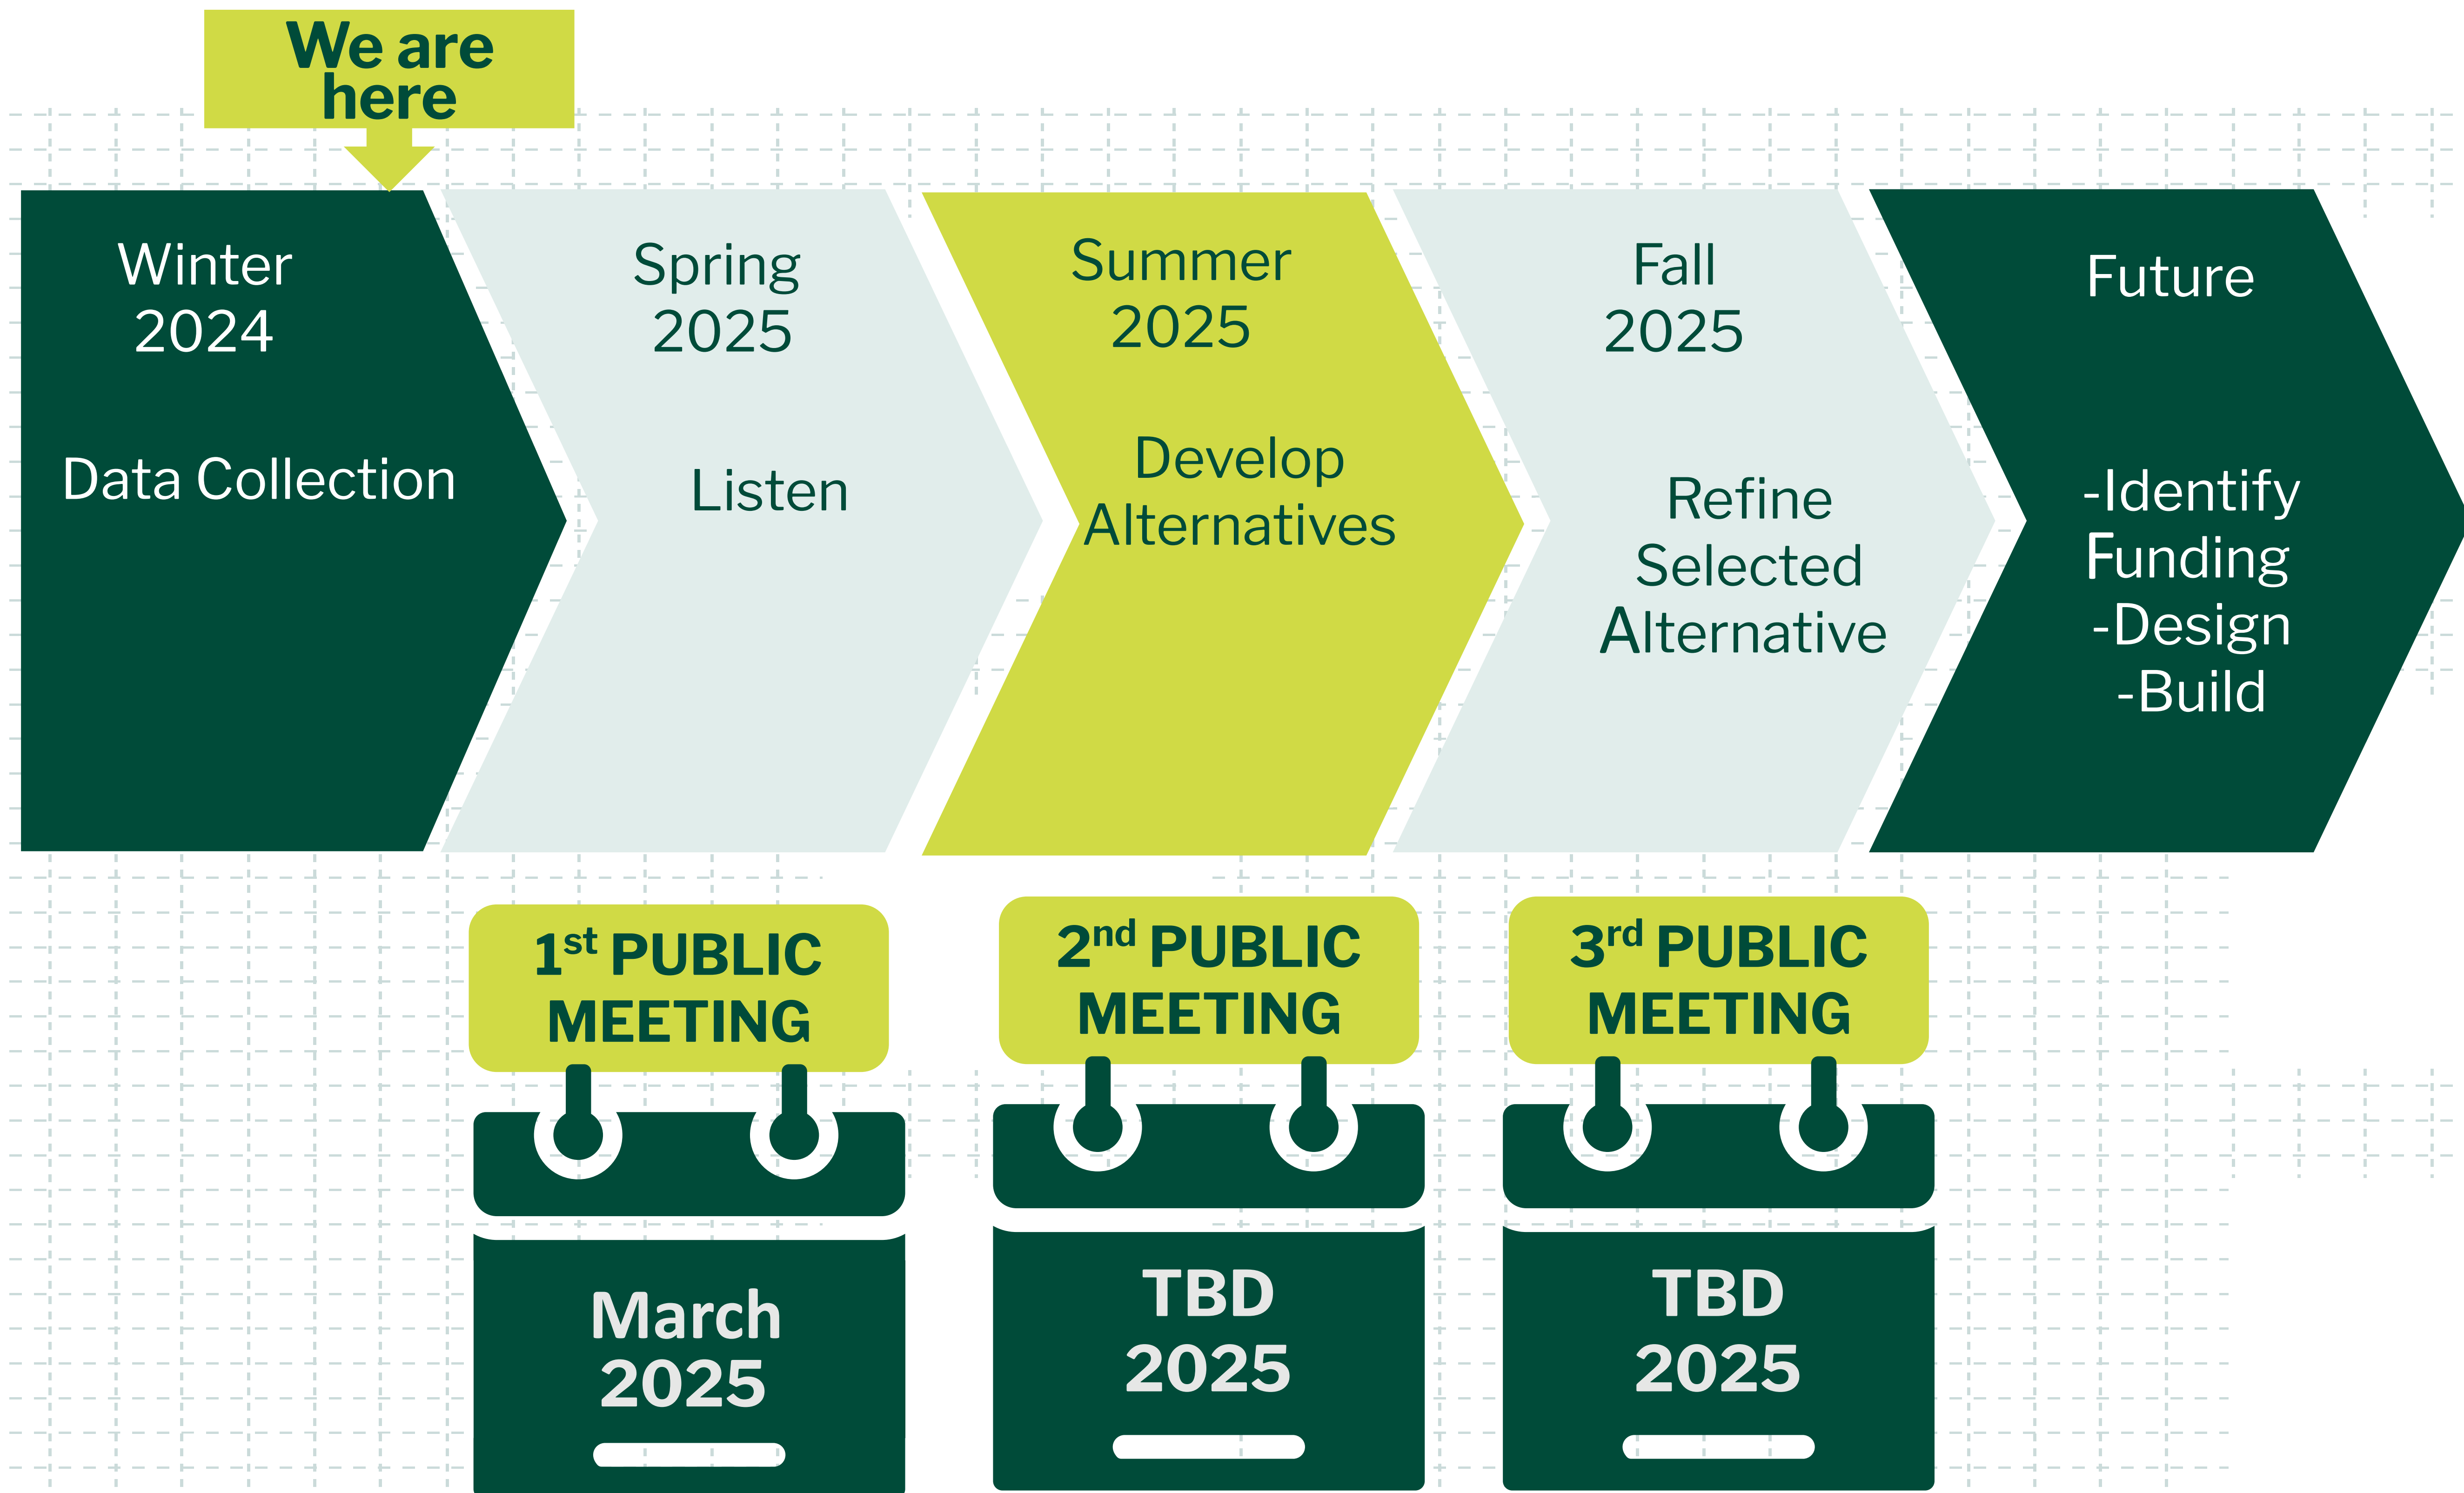

Finalize

3

The preferred option is finalized and presented for further feedback.
